Larry,

I spoke to the other appraiser on Friday. We are moving forward with selecting the umpire. We should have an onsite meeting setup in 2-3 weeks depending on the weather.

Dave,

I hope you are going to partake in a super weekend with your family.

I have not heard anything from you on how the claim is going. Do you have an umpire? The onsite meeting you were going to have must be done for it has almost been 6 weeks from you e-mail and I have not heard anything. Are you close to a settlement and how much did your evaluation come to? Remember that since Traveler's has been so unfair that I will not allow for depreciation to be held back for I don't trust them because of their actions getting to this point in settlement.

Have a nice weekend,

Larry Beer

Larry,

Thanks for the follow up. We did agree on an umpire, but upfront I'm meeting Eric, the other appraiser, onsite next Friday June 1st to view the damage. I'm hopeful to settle the appraisal in this meeting without bringing in the umpire.
